

MARCH 2010

March 2, 2010 KPA Meeting

Our March KPA meeting is at Home Town Buffet, and Chuck Stump will provide our program. Steve Miller, an Air Safety Investigator with Cessna Aircraft will discuss accidents that have occurred with Cessna products, what happened, and if possible, why. His focus will be on product and pilot safety and accident prevention. Whenever a Cessna aircraft is involved in an accident, they send an investigator to work with the NTSB to help determine the nature and cause of the accident. It is important that they identify any potential product issue that needs to be corrected.

Steve has been with Cessna for eleven years beginning his work in experimental before moving over to air safety investigation. Steve has a Bachelor of Science degree from Embry-Riddle University and holds A & P licenses as well as being a CFI and CFH.

Steve owns and flies a 1960 Cessna 172A and has built and flown a Smyth Sidewinder, an RV 6 and is currently in the process of building an RV7.

March 20, 2010

The March fly-out is scheduled for Saturday, March 20, to Dodge City to the NOAA facility. Do you remember the planned fly-outs last year to the NOAA facility? The weather caused repeated cancellations. We are going to try to schedule it again this year. Kay Alley is once again in charge of the March fly-out. At the February KPA meeting, members voted for lunch at the new Dodge City Boot Hill Casino & Resort.

February 20, 2010 KPA Fly-Out

Our KPA February fly-out to Liberal Air Museum was cancelled due to low ceiling, low visibility and icing. Gil had planned a tour of the Air Museum and a pizza lunch. Instead 25 KPA members met at Hangar One on East Kellogg for lunch. Gil and Carol Wooten, Chuck and Cheryl Stump and Chuck's mother, Patty and Dick McLinden, Jim Fallis, Larry Lampson, Gary Ruedebusch, Bob and Anita Johnson, Don and Helen Grunke, Bob Francis, Steve and Lee Hatfield, Jared Friesen, Doug and Margaret Graebner, Al Madero, Art and Alice Hatch and Vicky Sanders and Mike Moriarty had a good time visiting and catching up on what's happening. This was a good way to spend a cold and rainy, "no fly" day.

February 2, 2010 KPA Meeting

KPA members met at Carriage Crossing in Yoder, Kansas for a home-style meal and a program presented by Dave Wiebe. Dave works at Yingling in the Prop Shop. Mike Moriarty and Vicky Sanders, Gil and Carol Wooten, Bob McFall, Al Madero, Bill and Mary Collier, Jim Fetters, Jim Jacobs, Ed Alexander, David Wich, Steve and Lee Hatfield, Dave Krueger, Art and Alice Hatch, Bob and Judy Francis, Doug and Margaret Graebner, and Andy and Kathy Hill learned about the importance of good prop maintenance. Dave Wiebe was joined by wife, Vicki, and son, Matt, and daughter, Amy.

May 1, 2010 Pioneer Village

Save Saturday, May 1, 2010, for our fly-out to Pioneer Village, Minden, Nebraska. Butch Amey is in charge of the fly-out for May. We will tour and then meet for lunch at the museum restaurant and then resume sightseeing or head for home. Pioneer Village Field makes a great stopover, refueling point or hamburger run. On-field FBO, plus courtesy transportation to Pioneer Village is available.

Location: FAA Identifier: 0V3 Elevation: 2160 ft.
